Results

- No Axis units located

The Axis player must place on the board all offboard ships and task forces which are within the indicated number of zones of the selected airbase or carrier, or which are within the range of the shortest-range air unit searching from the selected airbase or carrier (whichever is less). He rolls normally on the Air Search Results Table to report task force composition.

HD (Huff Duff) German ship or submarine radio chatter is picked up by High Frequency Direction Finding equipment. Roll on the Huff Duff Table to determine which German units' locations must be revealed.

Column Modifiers (all are cumulative)

+1 An onboard Axis ship or task force with a Raiding or Supply mission became "offboard" within 12 zones of the selected airbase or carrier last turn.

Results

Subs Only: Axis player reveals the location of one Axis submarine flotilla.

Subs or Raiding: Axis player reveals the location of one submarine flotilla or Raiding task force. Place the Raiding task force on the board if it is located.

Farthest Subs: Axis player reveals the location of the German submarine flotilla which is farthest away from all Allied task forces (he may choose one if two or more are equidistant).

Closest Subs: Axis player reveals the location of the closest Ger-

man sub flotilla to any Allied task force (he may choose one if two or more are equidistant).

Farthest Raiding: Axis player places on the board the marker of the Raiding task force which is farthest away from all Allied task forces (he may choose one if two or more are equidistant).

Closest Raiding: Axis player places on the board the marker of the closest German Raiding task force to any Allied task force (he may choose one if two or more are equidistant).
